Price List

Migrate Mandatory registers software, kept for compliance, is sold primarily as a SaaS model, which can be paid for yearly upfront or in monthly instalments which would be taken by Direct Debit. For a Direct Debit service, a 10% service charge is added to the yearly fee. For the uninitiated, there are professional services for helping the company to set up the system charged at £800 per day consultancy (2-3 days required). This covers inputting and scoring of items in the registers and the configuring of user dashboards.
